

Ashwini Tripathi

Full Stack Web Developer
tripathiansh1760@gmail.com — +91 9696901760
Lucknow, Uttar Pradesh
GitHub — Portfolio: infoansh.in

Education

Shri Ramswaroop Memorial University B.Tech in Computer Science and Engineering — CGPA: 7.56	2023 – Present
Sardar Patel Inter College, Kaisarganj Intermediate (67%)	2021 – 2023
Pt. R.N. Public School, Bahraich High School (78.5%)	2019 – 2021

Experience

Co-Founder & Full Stack Developer • Co-founded a digital agency delivering custom web solutions for startups and local businesses. • Developed and deployed scalable full-stack applications using React.js, Node.js, Express.js, and MongoDB. • Worked directly with clients to gather requirements and deliver production-ready solutions. • Implemented authentication systems, REST APIs, and optimized frontend performance. • Led development efforts and collaborated within a small team to ensure timely delivery.	ByteBound — 2024 – Present
Smart India Hackathon (SIH) – Internal Selection • Selected at internal college level for Smart India Hackathon. • Collaborated in a team environment to design and develop a problem-solving solution under time constraints. • Contributed to frontend development and idea validation during project execution.	2025

Technical Skills

Languages: Python, Java, JavaScript, HTML, CSS
Frameworks: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap
Databases: MongoDB, SQL
Tools: Git, GitHub, VS Code, Canva, figma, Docker(Basic)

Projects

Personal Portfolio Website – infoansh.in React.js, Tailwind CSS, JavaScript • Designed and developed a modern responsive portfolio showcasing projects and technical skills. • Implemented clean UI, smooth navigation, and optimized performance. • Deployed live project demonstrating real-world frontend development capability.
ByteBound Official Website – bytebound.in React.js, Node.js, MongoDB • Built the official agency website presenting services and portfolio projects. • Integrated backend APIs for lead capture and contact management.
Image Background Remover HTML, CSS, JavaScript, REST API • Developed a web tool to remove image backgrounds using AI-based third-party API. • Implemented file upload, preview, and download features with error handling.
HomeEase – Local Service Booking Platform React.js, Node.js, Express.js, MongoDB • Built a platform to book local services such as plumbers and electricians. • Implemented authentication, service listings, and booking management system. • Designed responsive UI for customers and service providers.

Certifications

Smart India Hackathon (SIH) 2025 – Internal Round Selection, Shri Ramswaroop Memorial University

Certificate of Completion of HTML – KG Coding

Namaste JavaScript – Akshay Saini
